YOUR RIGHTS

When it comes to your health information, you have certain rights. Although your health record is the physical property of the healthcare practitioner or Facility that compiled it, you have the right to:

Inspect and Copy.

You have the right to inspect and/or copy health information that may be used to make decisions about your care. Usually, this includes medical and billing records, but does not include psychotherapy notes and/or information compiled in reasonable anticipation of, or for use in, a civil, criminal or administrative action or proceeding. To inspect and copy medical information, you must submit your request in writing to the Facility Privacy Officer. If your health information is maintained electronically and you request an electronic copy, we will provide you with access in the electronic form you request if readily producible. We will provide you a copy or a summary of your health information, usually within 30 days of your request. We may charge a reasonable, cost-based fee.

We May Deny Your Request (In Whole or In Part) to Inspect and Copy in Certain Very Limited Circumstances.

If you are denied access to health information, we will provide you with a written denial. You may request that the denial be reviewed in certain circumstances. Another licensed health care professional chosen by the Facility will review your request and the denial. The person conducting the review will not be the person who denied your request and we will comply with the outcome of the review.

Ask Us to Correct Your Health Record.

You can ask us to correct health information about you that you think is incorrect or incomplete. You have the right to request an amendment for as long as the information is kept by or for the Facility. Any request for an amendment must be sent in writing to the Facility Privacy Officer and must include the reason for your amendment request. We may say "no" to your request, but we'll tell you why in writing within 60 days; in the event we are unable to provide you with a response within 60 days, we will extend the time for action by no greater than 30 additional days.

Request Confidential Communications.

You can ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address. You must make this request in writing to the Facility Privacy Officer. We will say "yes" to all reasonable requests.

REQUEST RESTRICTIONS

You have the right to request a restriction or limitation on the health information we use or disclose about you for treatment, payment, or our operations. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for your care, such as a family member or friend. For example, you could ask that we not use or disclose information about a surgery you had. Any request for a restriction must be sent in writing to the Facility Privacy Officer and must specify (1) what information you wish to restrict or limit, (2) whether you want to restrict or limit our use, disclosure or both, and (3) to whom the limit applies (for example, you may request that we restrict disclosure of your surgery information to your sister).

We are required to agree to your request only if: (1) the disclosure is for the purpose of carrying out payment or health care operations and is not otherwise required by law, or (2) your health information pertains solely to health care services for which you (or another person on your behalf) have paid out-of-pocket in full.

For all other requests, we are not required to agree. However, if we do agree, we will comply with your request unless the information is needed to provide you with emergency medical treatment.

Get a List of Those With Whom We've Shared Information

You can ask for a list (accounting) of the times we've shared your health information for six years prior to the date you ask, who we shared it with, and why. We will include all the disclosures except for those about treatment, payment, and health care operations, and certain other disclosures (such as any you asked us to make). You must submit your request for accounting in writing to the Facility Privacy Officer and include a time period and in what form you want the list (i.e. paper or electronic).

We will act on your request no later than 60 days after receipt of your request; if we are unable to provide you with the accounting requested within 60 days, we will let you know why and extend the time to provide the accounting by no more than 30 days. We'll provide one accounting a year for free but will charge a reasonable, cost-based fee if you ask for another one within 12 months.

Get a Copy of This Privacy Notice

You can ask for a paper copy of this notice at any time, even if you have agreed to receive the notice electronically. We will provide you with a paper copy promptly.

You have the right to be notified following a breach of your unsecured health information. The notice of breach must (1) be in written form, (2) be provided without unreasonable delay (but in any event, no later than 60 days following the discovery of the breach) and, (3) to the extent possible, include a brief description of the breach, a description of the types of information that were involved, the steps you should take to protect yourself against potential harm, a brief description of what we are doing to investigate the breach, mitigate the harm to individuals and to protect against any further breaches, and contact procedures for you to ask questions or learn additional information.

Choose Someone to Act For You

If you have given someone health care power of attorney or if someone is your legal guardian under Louisiana law, that person can exercise your rights under this notice and make choices about your health information.
